UMA User Experience
progress and plans
Kantara UMA WG
UX State of Art

- Simplified CV Scenario
- Setting Policy and terms
- Real-time consent gathered out-of-band
- Access Analytics and dashboard

http://kantarainitiative.org/confluence/display/uma/User+Experience
UMA Dashboard/Analytics

- Data Sensitivity
- Privacy Exposure
- Analytics for Protected Resources
- Analytics for Requesting Parties
- Alerts and Notification
- Information World view
In progress

- Define a new UX approach
- Referring to UX best practices (i.e. Activity-centered design)
- Collect feedback from NCL and Bath University on AM UX experiments
plans

- Improve the AM Policy definition UX
- Identify an use-case for the new UMA UX
- Propose a new wireframe, targeted for the UMA public workshop at EIC2010.
